Artist

Costantino Gucci

Costantino Gucci, born in Florence in 1992, lives and works in Milan. After studying Product Design at Central Saint Martins in London, he developed a practice that moves between design and sculpture. His research explores reflection both as a material condition and as a metaphor, engaging with themes of perception, identity, and illusion through unstable, ever-shifting surfaces. Mirrors and glass become living organisms that respond to light and space, transforming each encounter into a singular, unrepeatable experience. At the heart of his work is the viewer: the artwork does not exist in isolation, but takes shape through its relationship with the observer, constantly redefining the space that hosts it. His work has been featured in contexts of artistic research and contemporary design, and now enters, for the first time, a solo exhibition that reveals the formal and conceptual universe behind his practice.

Mirror

Portal Horizon

A mirror that doesn't merely reflect the image, but transforms it.
Portal Horizon is a threshold between the visible and the imagined.
The glass, with its rippled surface, fragments and distorts perception—evoking the sensation of seeing oneself in moving water or through a mirage at the edge of vision.
The gradient from gold to deep blue defines the boundary of this passage, like a horizon that invites the gaze to move beyond.

Made exclusively for Movimento.
Limited Edition of 8+1.
