Artist

Studio F

Studio F is a Turin-based atelier crafting objects that do more than furnish - They tell stories shaped by ancient materials, skilled craftsmanship and bold vision.

The wood used by Studio F comes from trees that have stood for centuries, silent witnesses to the passage of time, when their natural cycle ends, Studio F gives them new life, transforming their history into unique pieces of furniture that honor their origins and celebrate human ingenuity.

Studio F's commitment is to leave a mark, an imprint of sustainability, quality, creativity and a deep respect for the materials they use.

Design is more than form - it is identity, culture and connection.
